Antom Payments Installation Guide

Antom Payments Installation Guide

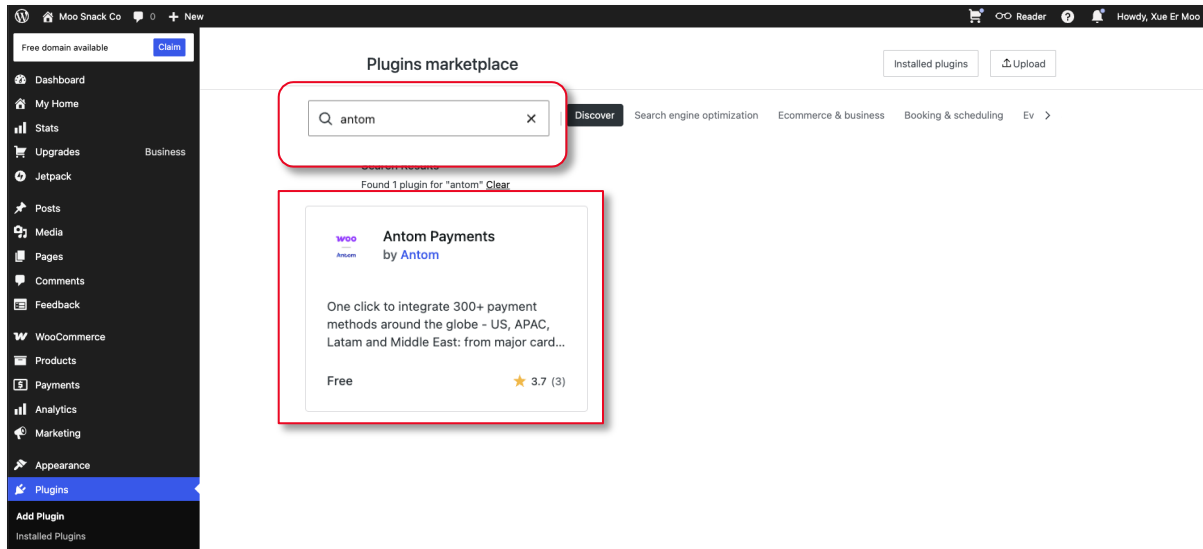

1. Login to your **WordPress Portal**

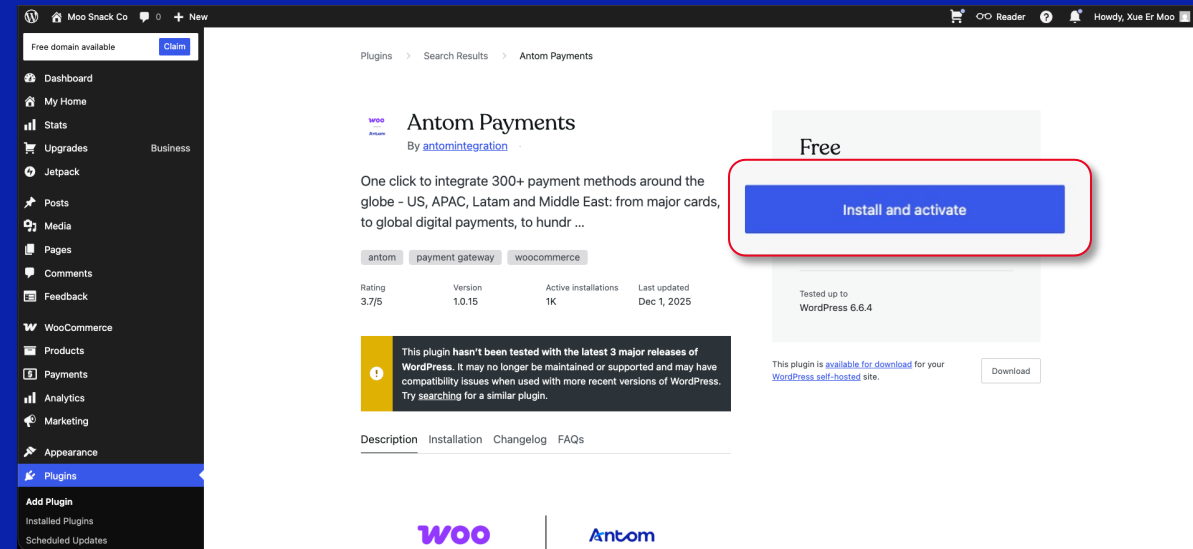

2. Select **"Plugins"** on top left bar

3. Select **"Add Plugin"**

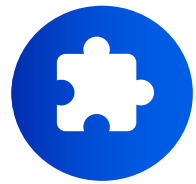

Antom Payments Installation Guide

4. Type “**Antom**” or “**Antom Payments**” on the search bar and select the Antom Payments

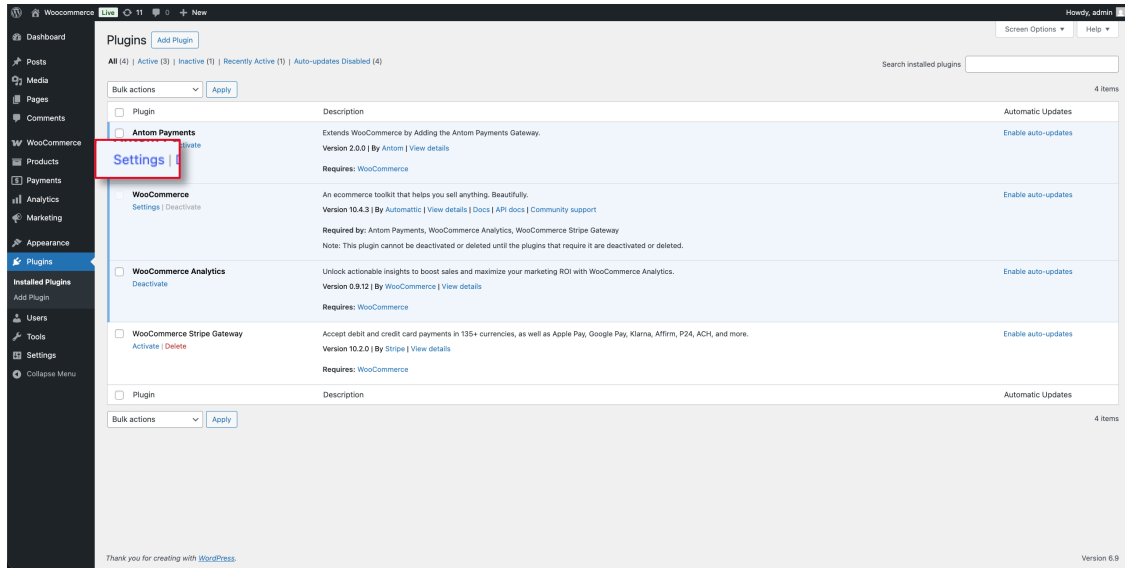

5. Read the information and click “**Install and Activate**”

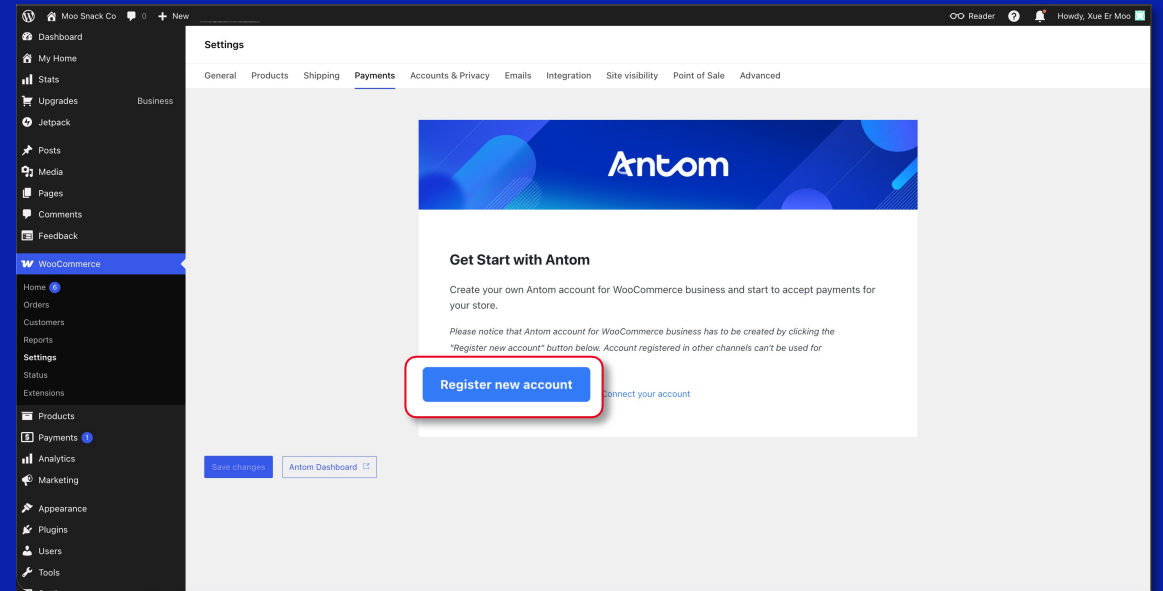

Antom KYC Onboarding Guide

Antom KYC Onboarding Guide

1. Once you have activated Antom Payments select **"Settings"**

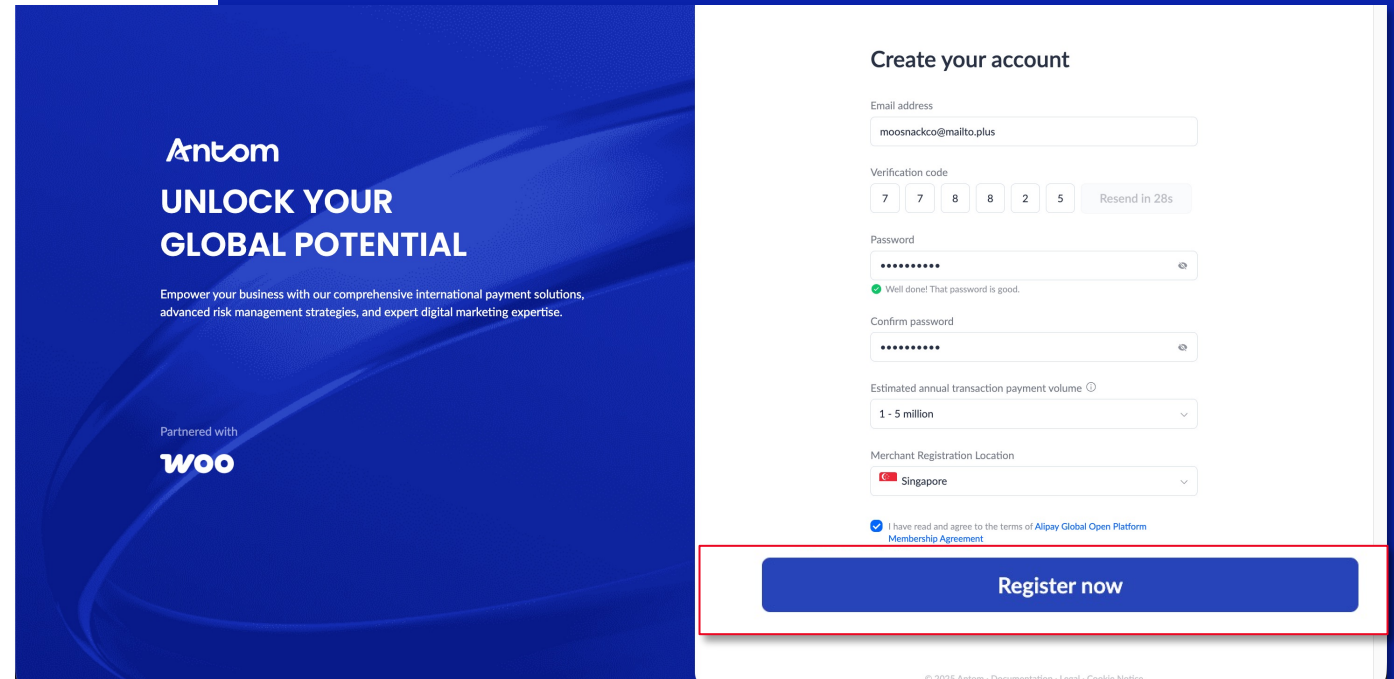

2. Select **"Payments"** and Click **"Register New Account"**

Antom KYC Onboarding Guide

You will be redirect to the Antom Dashboard.

3. Fill up the information.

Note: Please select the correct **Merchant Registration Location** as it is unable to modify once it is confirmed

The screenshot displays the Antom KYC onboarding interface. On the left, a blue banner features the Antom logo, the text 'UNLOCK YOUR GLOBAL POTENTIAL', and a description of their services. Below this, it mentions a partnership with Woo. On the right, a white form titled 'Create your account' contains several input fields: 'Email address' (filled with 'moosnackco@mailto.plus'), 'Verification code' (a 6-digit code '778825' with a 'Resend in 28s' link), 'Password' (masked with dots and a confirmation message 'Well done! That password is good.'), and 'Confirm password' (also masked). Below these are dropdown menus for 'Estimated annual transaction payment volume' (set to '1 - 5 million') and 'Merchant Registration Location' (set to 'Singapore'). A checkbox at the bottom indicates agreement to the 'Alipay Global Open Platform Membership Agreement'. A prominent blue 'Register now' button is at the bottom right, highlighted by a red rectangle. The footer contains copyright information for 2025 Antom.

Antom Plugin Sandbox Testing

Antom Plugin Sandbox Testing

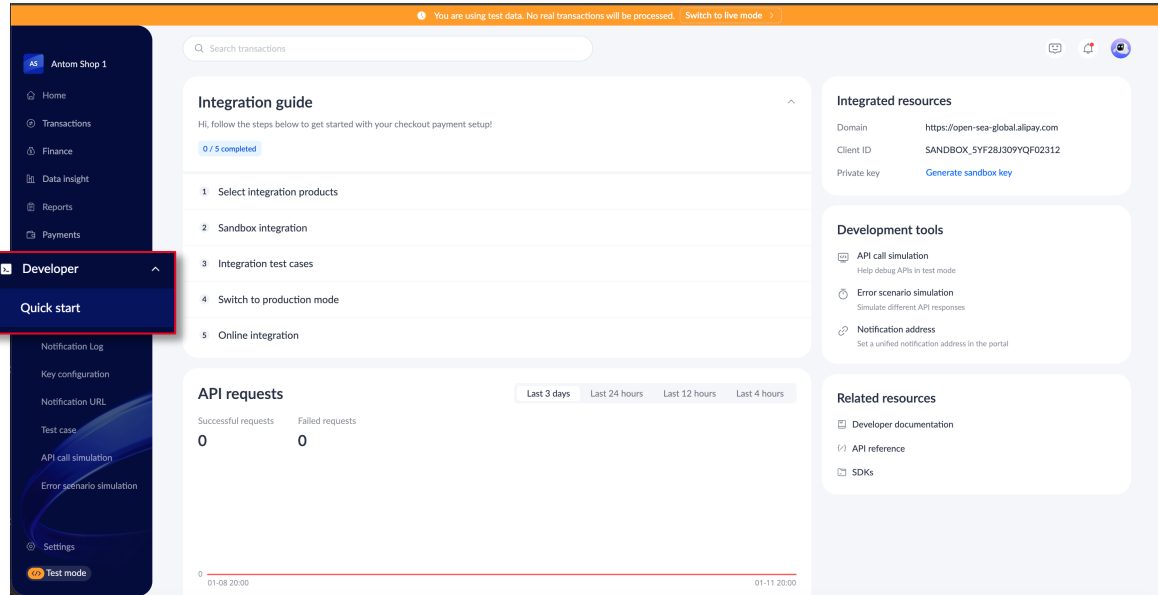

- Onboarding application approval generally takes 1-2 working days to complete. Antom Dashboard cannot be switched to live mode until your account is **activated**. Before that, you **can test your plugin in the sandbox**.

1. To test your plugin, **Login** to Antom Dashboard

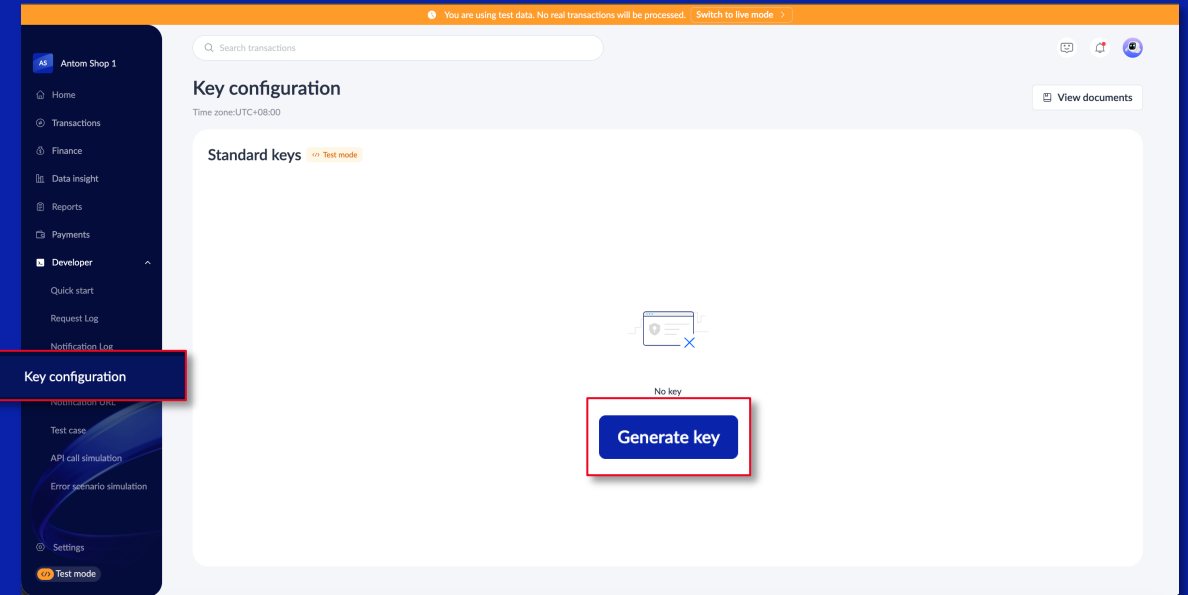

Antom Plugin Sandbox Testing

Antom

2. Select **“Developer”**

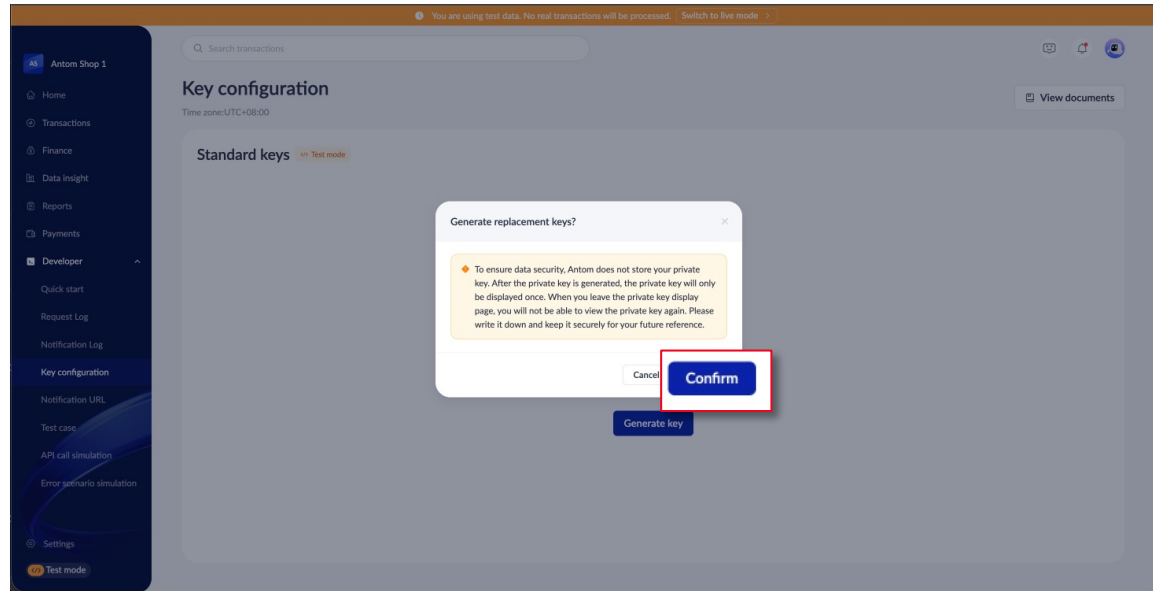

3. Select **“Key Configuration”**

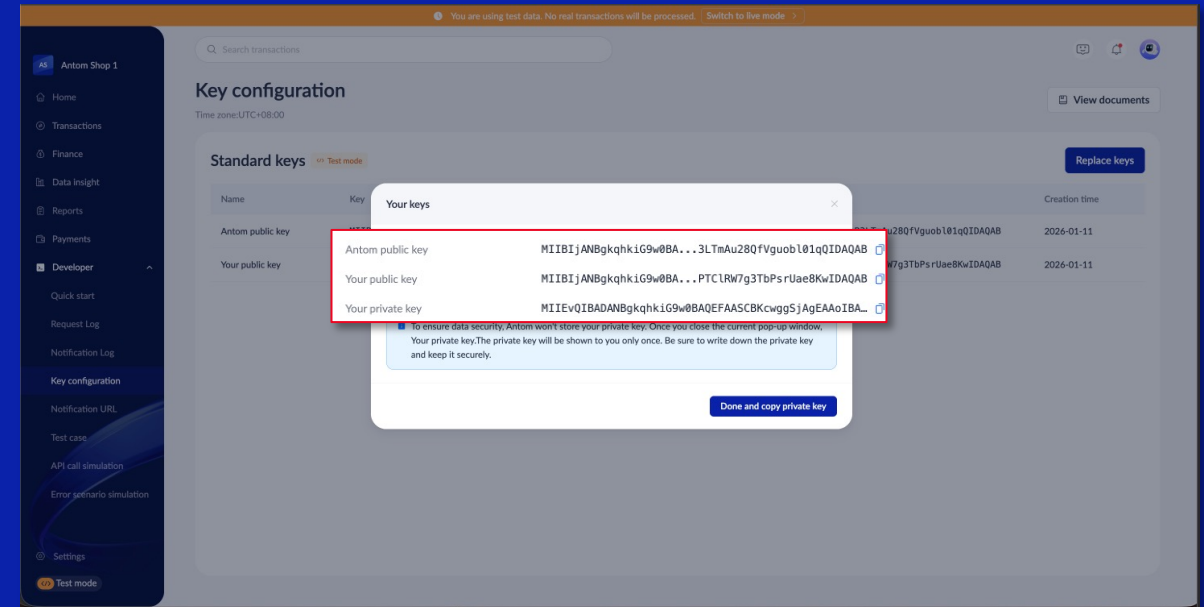

4. Click **“Generate Key”**

Antom Plugin Sandbox Testing

Antom

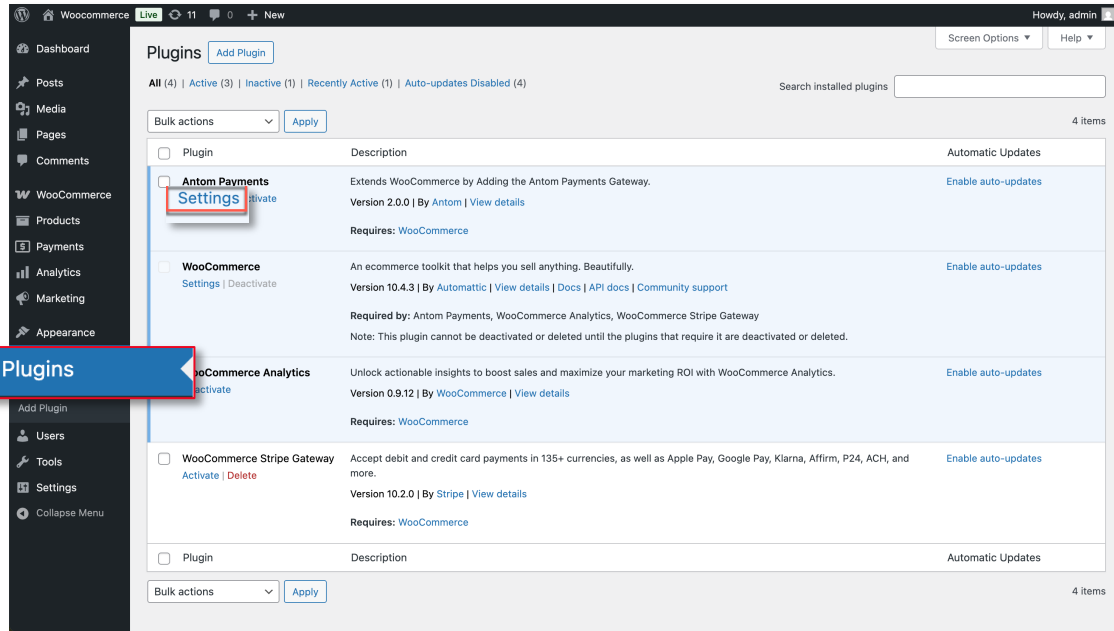

5. Read the pop up information and click **“Confirm”**

6. Once the key has been generated, copy and save the Antom Public Key and Your Private Key to fill in at WooCommerce portal

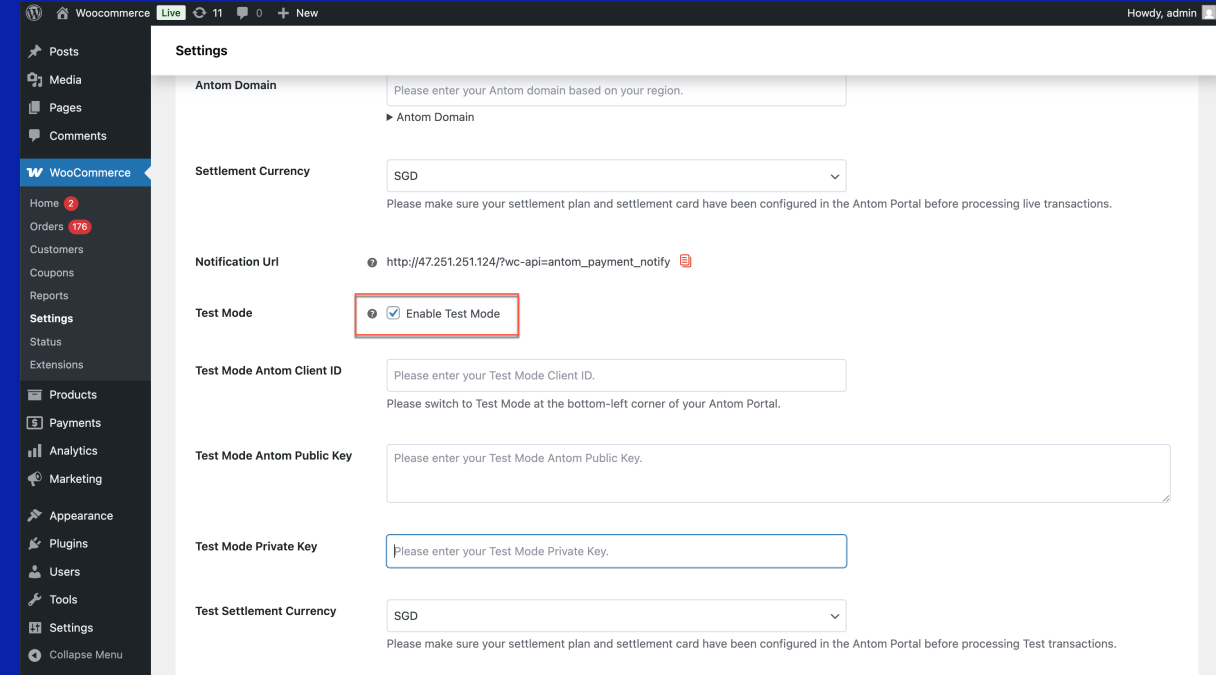

Antom Plugin Sandbox Testing

Antom

7. Login to your **WordPress Portal**

8. Select **"Plugin"** and Select **"Settings"** under Antom Payments

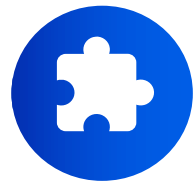

9. **Tick Enable Test Mode** under Test Mode

Antom Plugin Sandbox Testing

10. Paste the information from Antom Dashboard and paste it into

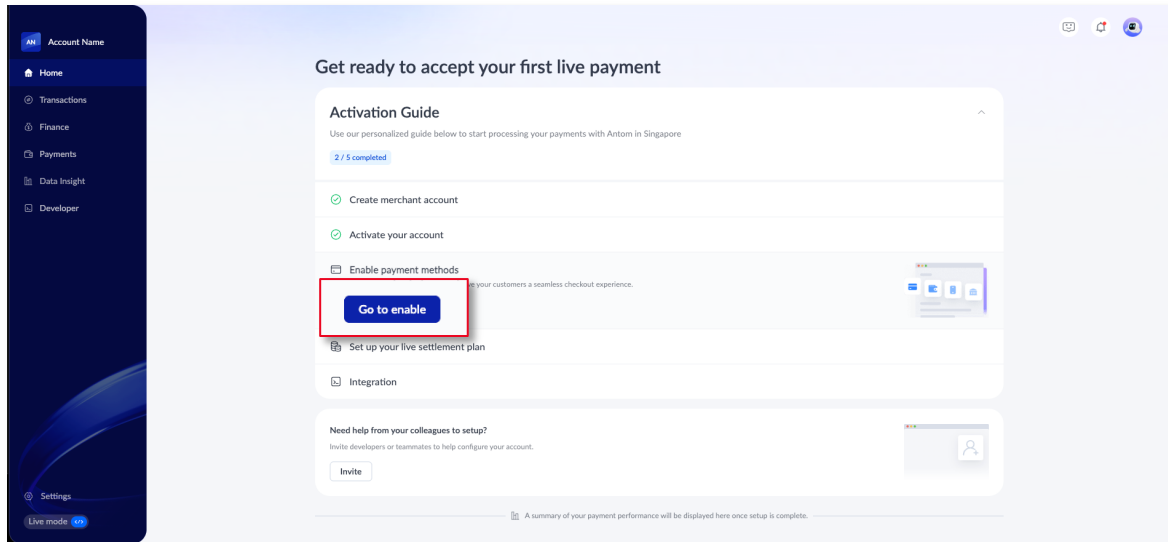

- **Test Mode Client ID**
- **Test Mode Antom**
- **Public Key Test Mode Private Key** respectively

The screenshot shows the 'Settings' page for the Antom plugin in a WooCommerce environment. The left sidebar contains a navigation menu with options like Dashboard, Posts, Media, Pages, Comments, WooCommerce, Home, Orders, Customers, Coupons, Reports, Settings, Status, Extensions, Products, Payments, Analytics, Marketing, Appearance, Plugins, Users, Tools, and Settings. The main content area is titled 'Settings' and 'Core Settings information'. It includes fields for 'Antom Client ID', 'Antom Public Key', 'Your Private Key', 'Antom Domain', 'Settlement Currency', and 'Notification Uri'. A 'Test Mode' section is highlighted with a red border, containing a checkbox for 'Enable Test Mode', a 'Test Mode Antom Client ID' field, a 'Test Mode Antom Public Key' field, a 'Test Mode Private Key' field, and a 'Test Settlement Currency' field. The 'Test Mode' section also includes instructions for switching to Test Mode and configuring the settlement plan and card.

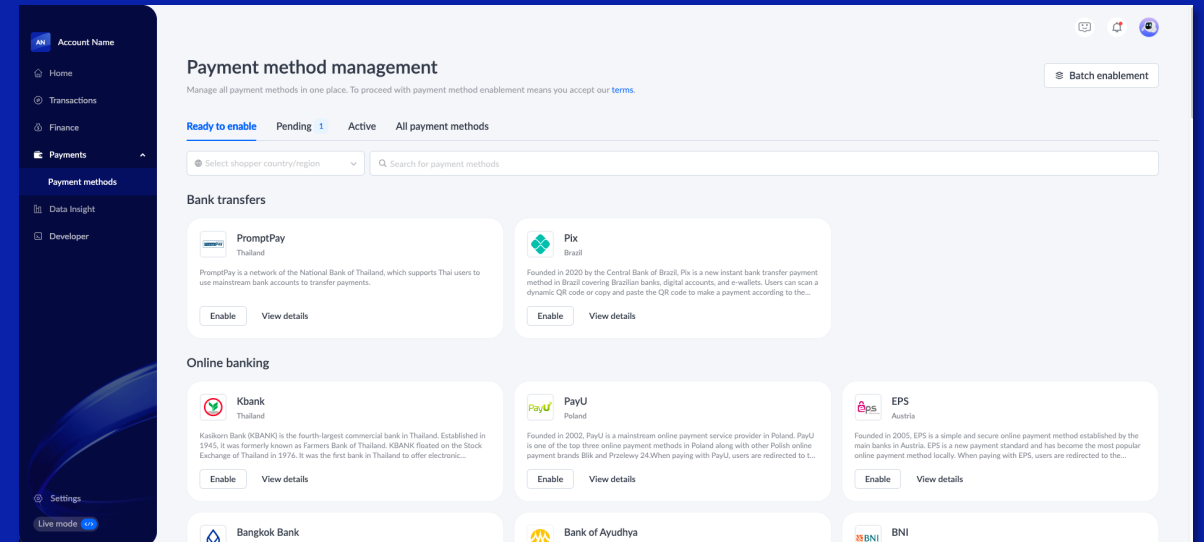

Payment Method Enablement Guide

Payment Method Enablement Guide

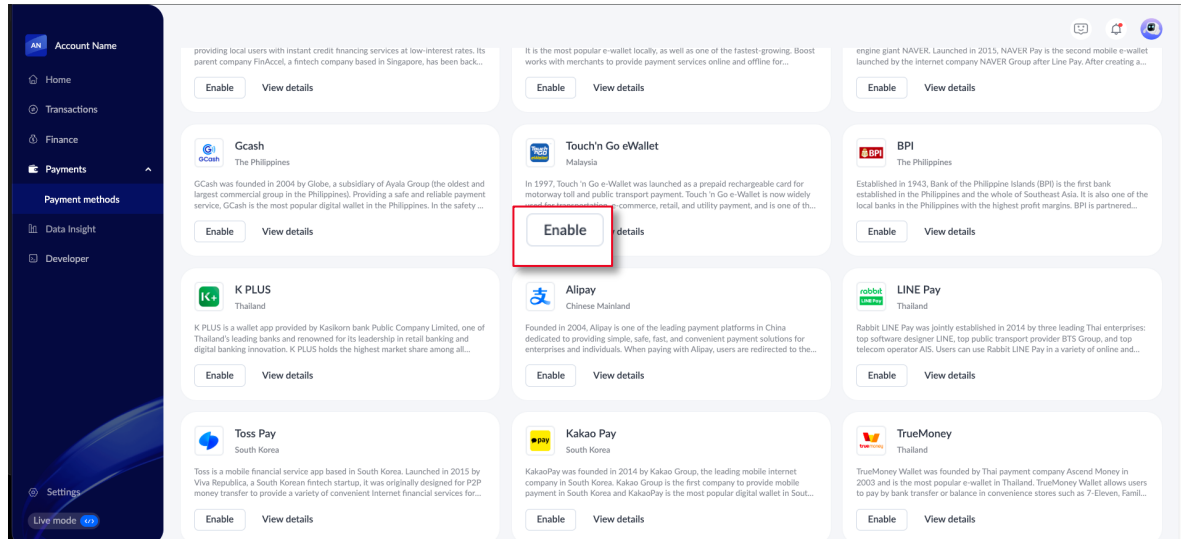

1. Once your account has been approved, login to **Antom Dashboard**
2. Select **"Go to Enable"** to start enabling your preferred payment methods

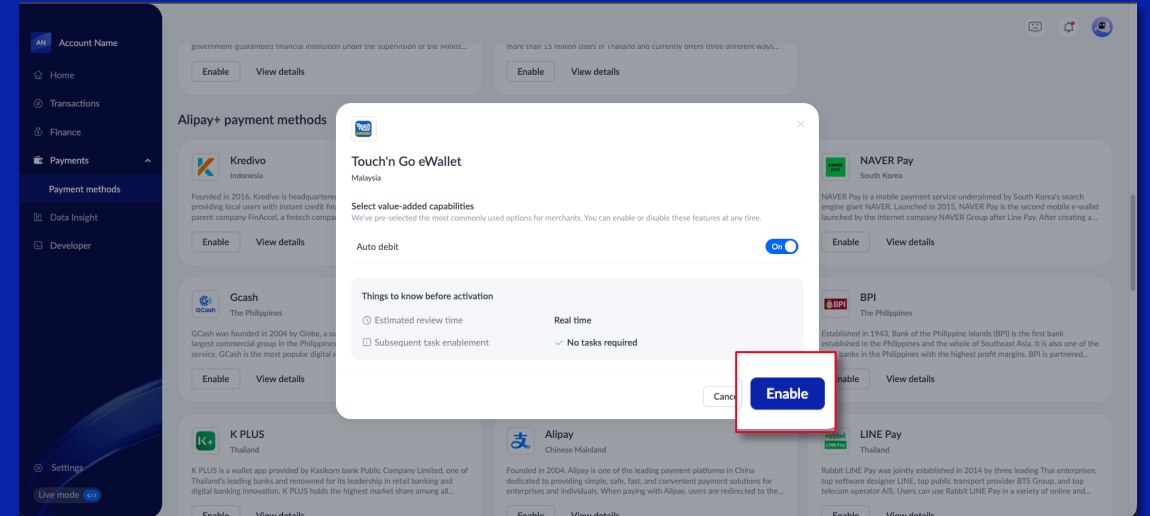

3. Search for the preferred payment methods

Payment Method Enablement Guide

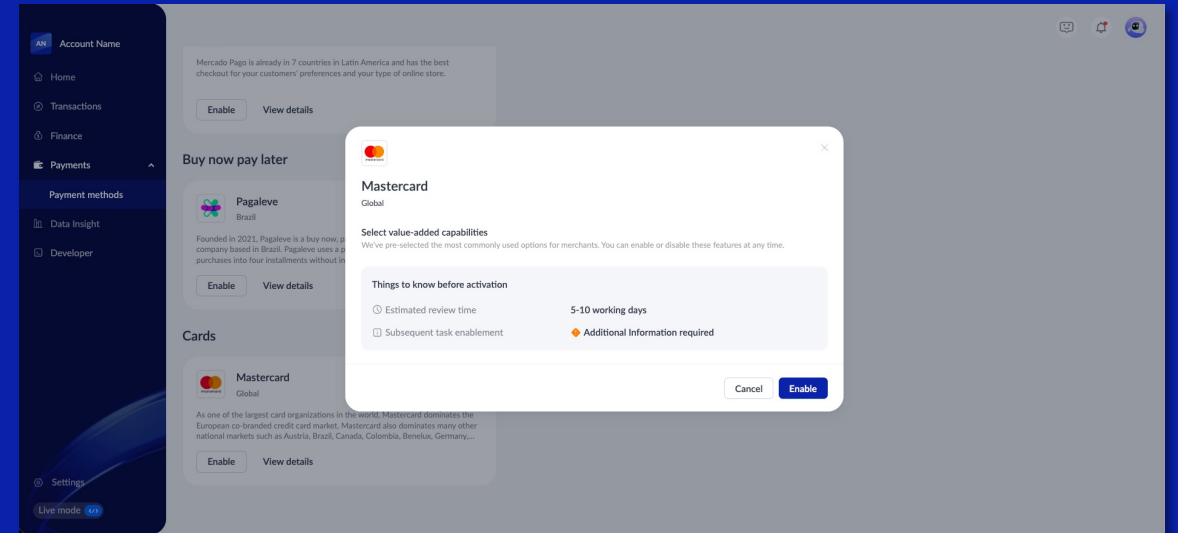

4. Once you have selected the preferred payment methods, click **"Enable"**

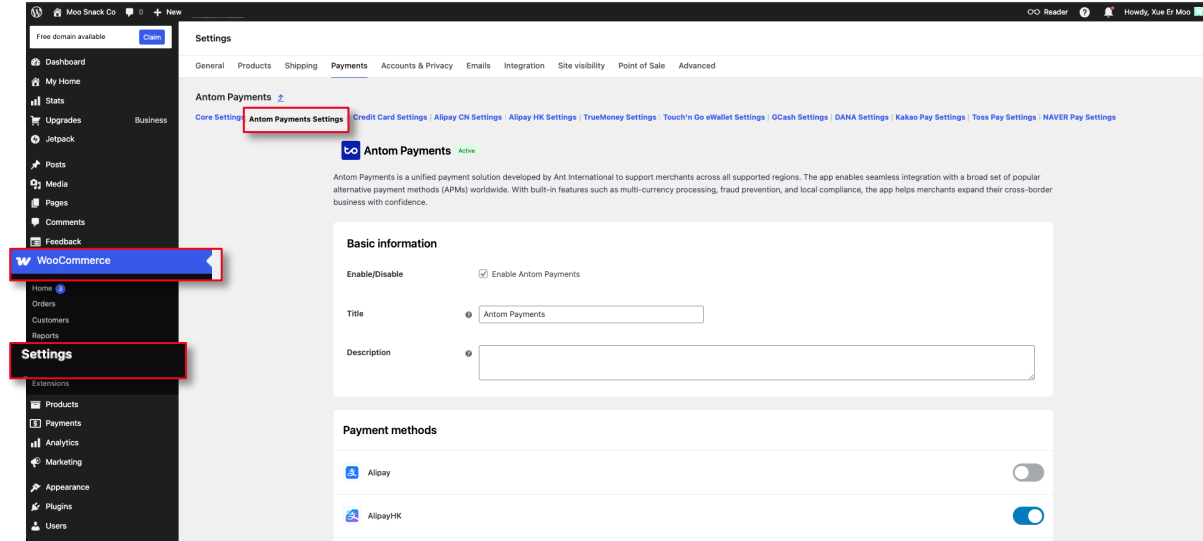

5 Click **"Enable"** again on the pop out screen to confirm

Payment Method Enablement Guide

- For some of the payment methods, you are required to fill up **additional information** before enabling these payment methods
- Fill in the required additional information (if applicable)

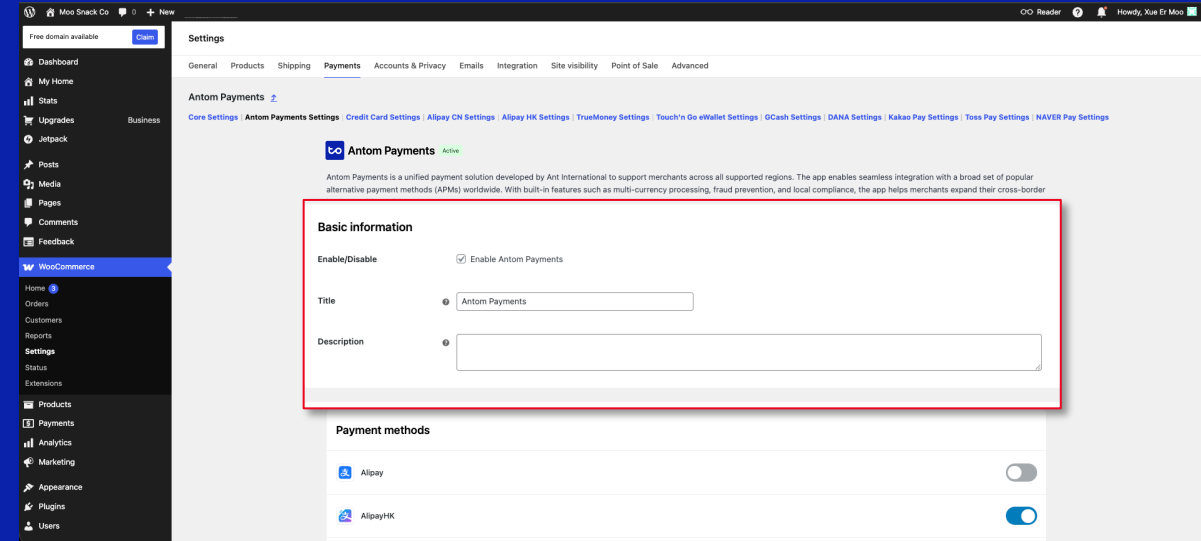

A screenshot of the 'Activate Mastercard' form. The form has a progress bar at the top with six steps: 1. Company representative (selected), 2. Company information, 3. Contact, 4. Ultimate beneficial owners, 5. Card payment questionnaire, and 6. Review and submit. The main content area is titled 'Company representative' and includes a sub-header 'Company representative' and a description: 'Provide the name of the ultimate beneficiary owner of the company (holding more than 25% of shares) or the authorized signatory (company director or above)'. Below this is a form with fields for 'Full name' (split into 'Family name' and 'Given name'), 'Residential address' (a dropdown menu showing 'Singapore'), 'Please fill in address Line 1', 'Please fill in address Line 2', and 'Zip code'. At the bottom of the form is a blue button labeled 'Next >'. In the top right corner of the form is a 'Save & close' button.

Payment Method Enablement Guide

6. Once your payment methods has been approved, login to WordPress Portal, Select **“WooCommerce”** and Select **“Settings”**

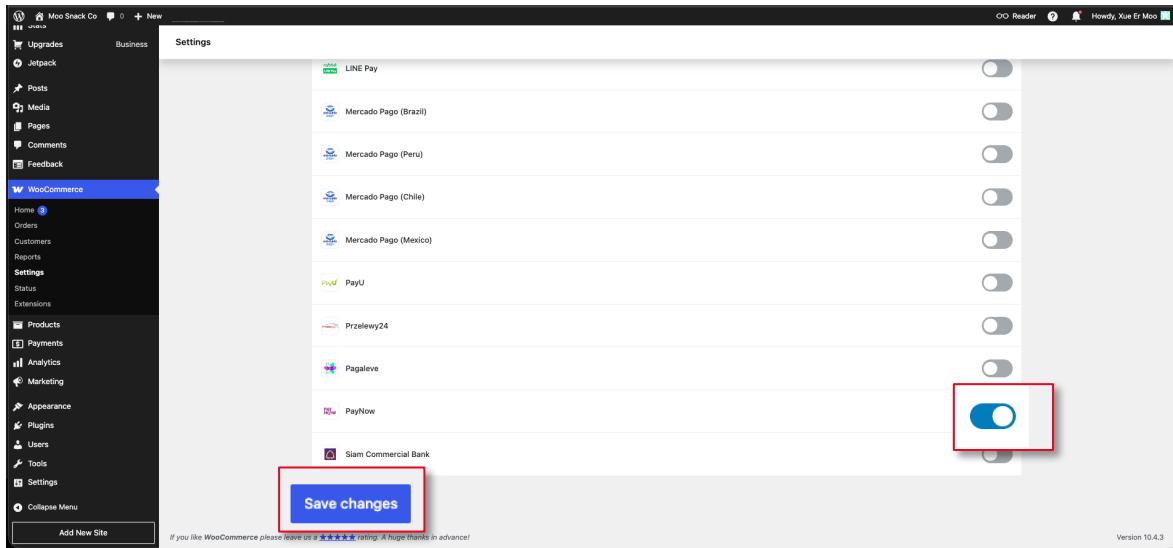

7. Select **“Payments”** and Select **“Antom Payments Settings”**

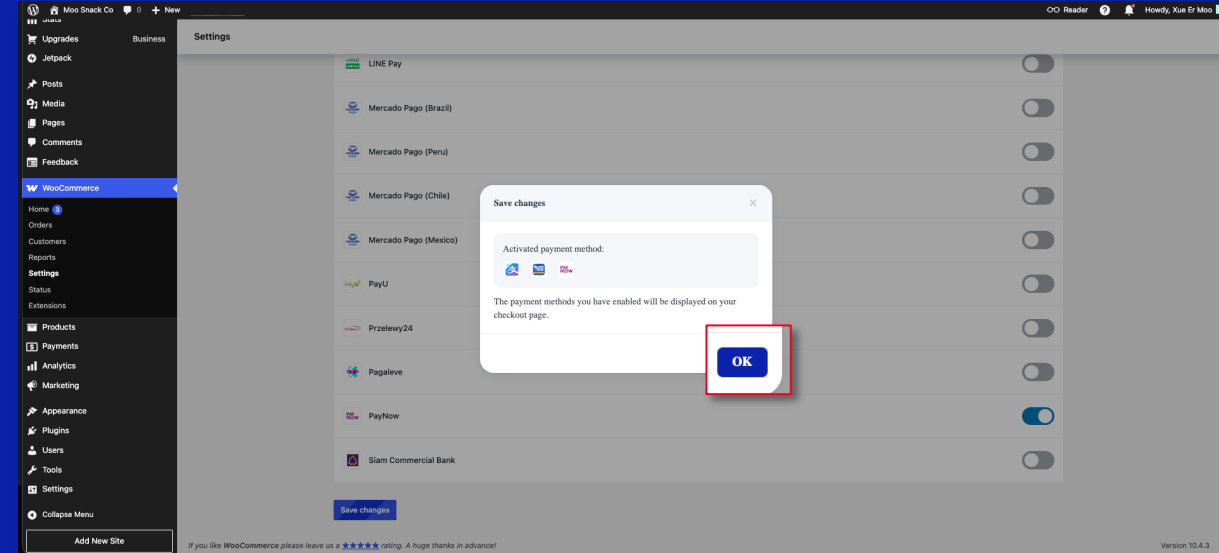

8. Fill in the **title and description** of the plugin (optional)

The title and description will be displayed at the WooCommerce checkout page

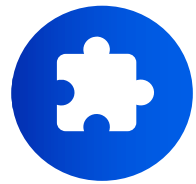

Payment Method Enablement Guide

9. **Toggle on** the payment methods that has been enabled on Antom Dashboard and click **“Save Changes”**

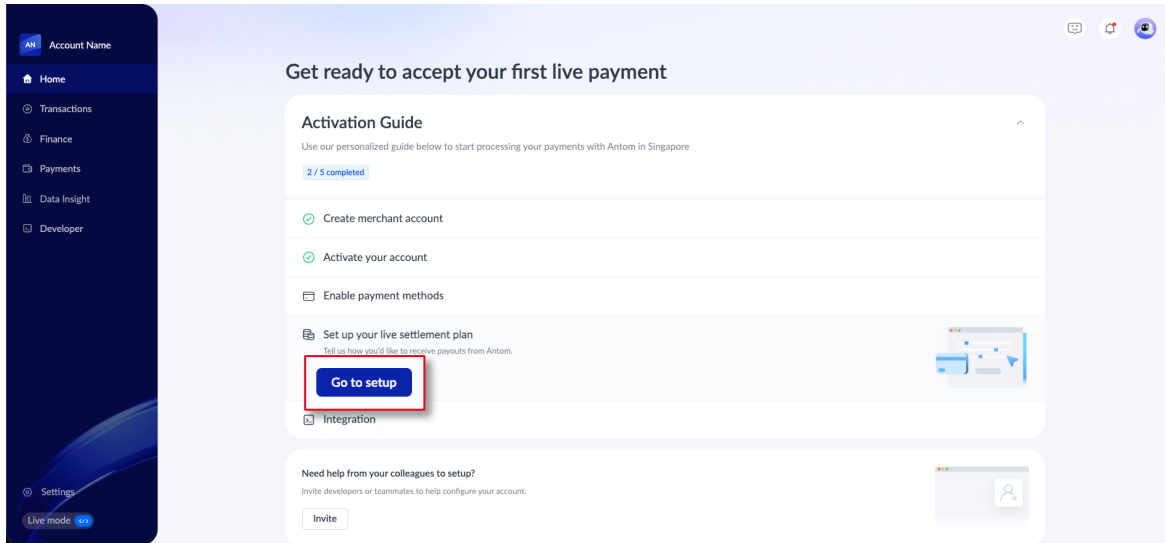

10. Click **“OK”** to confirm activation

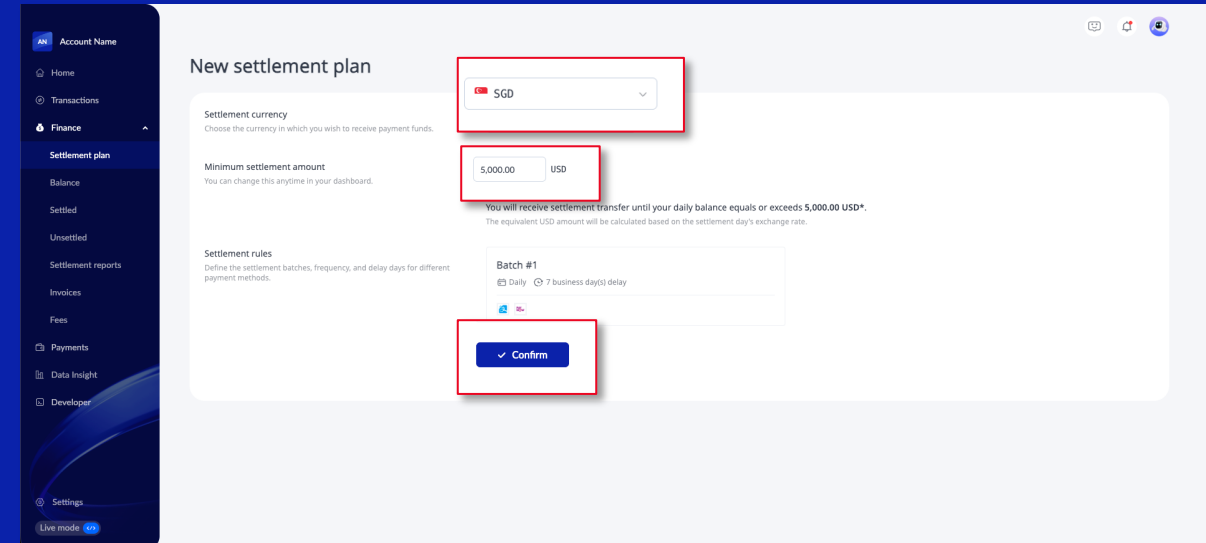

Settlement Plan Setup Guide

Settlement Plan Setup Guide

You will need to complete the Settlement Plan setup before collecting payments via Antom

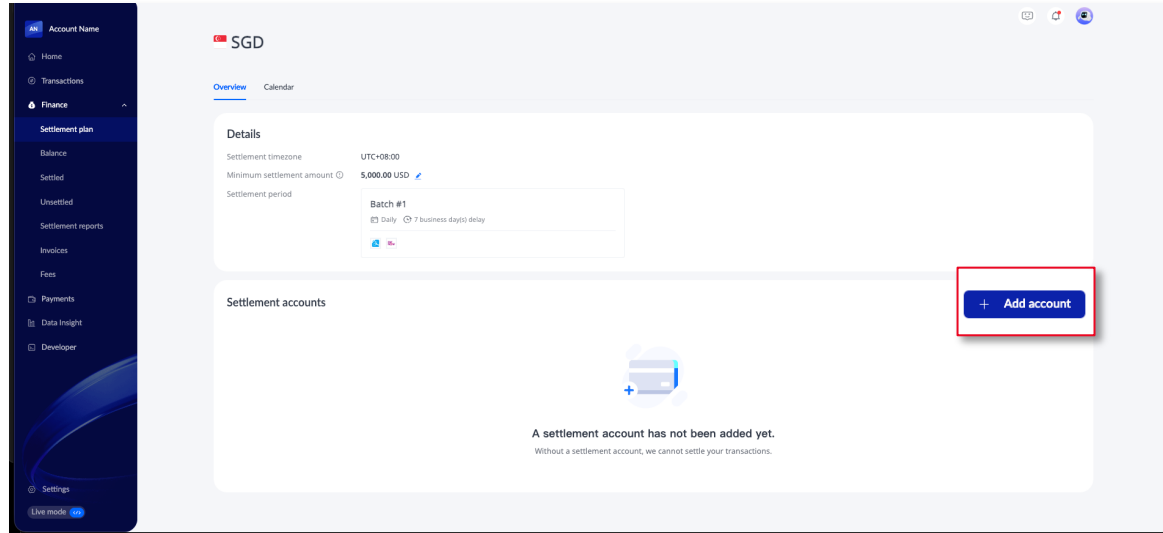

1. Once your payment methods has been approved, you may start configuring your settlement plan
2. Login to Antom Dashboard, select **"Go To Setup"**

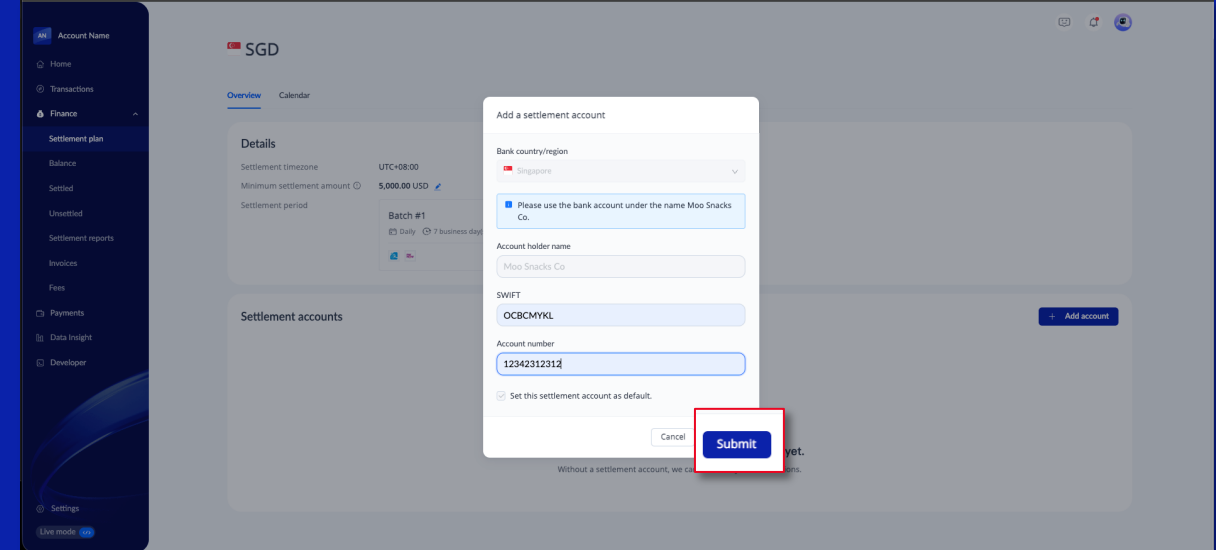

3. Choose the correct **Settlement Currency**
4. Set the **Minimum Settlement Amount** and click **"Confirm"**

Note: Settlements under USD 5,000 will incur a USD 10 processing fee.

Settlement Plan Setup Guide

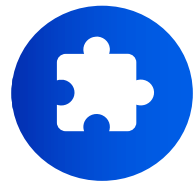

5. Click **"+Add Account"** to start filling in the bank account information

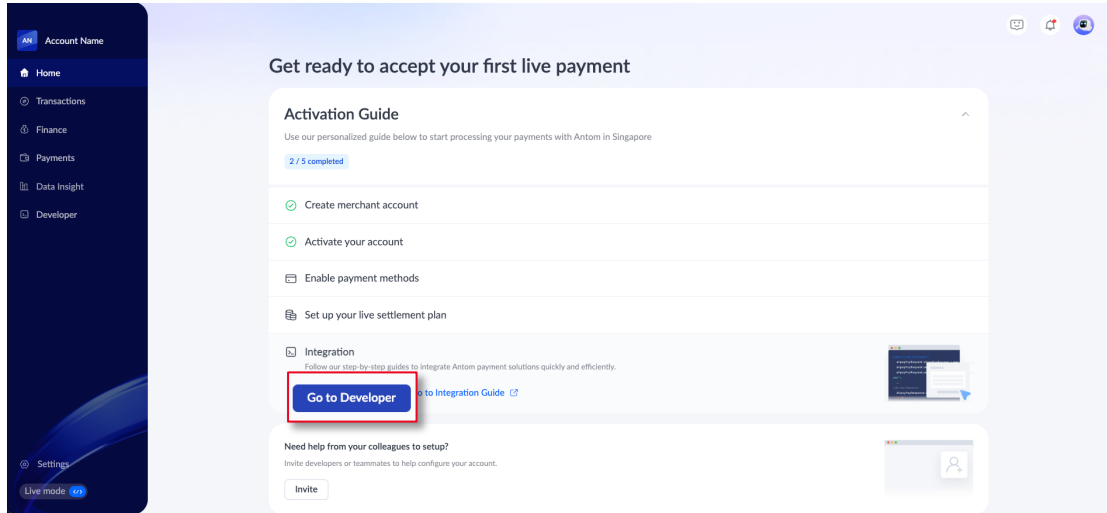

6. Fill up the **SWIFT code and Bank Account Number**

7. Once it is confirmed, click **"Submit"**

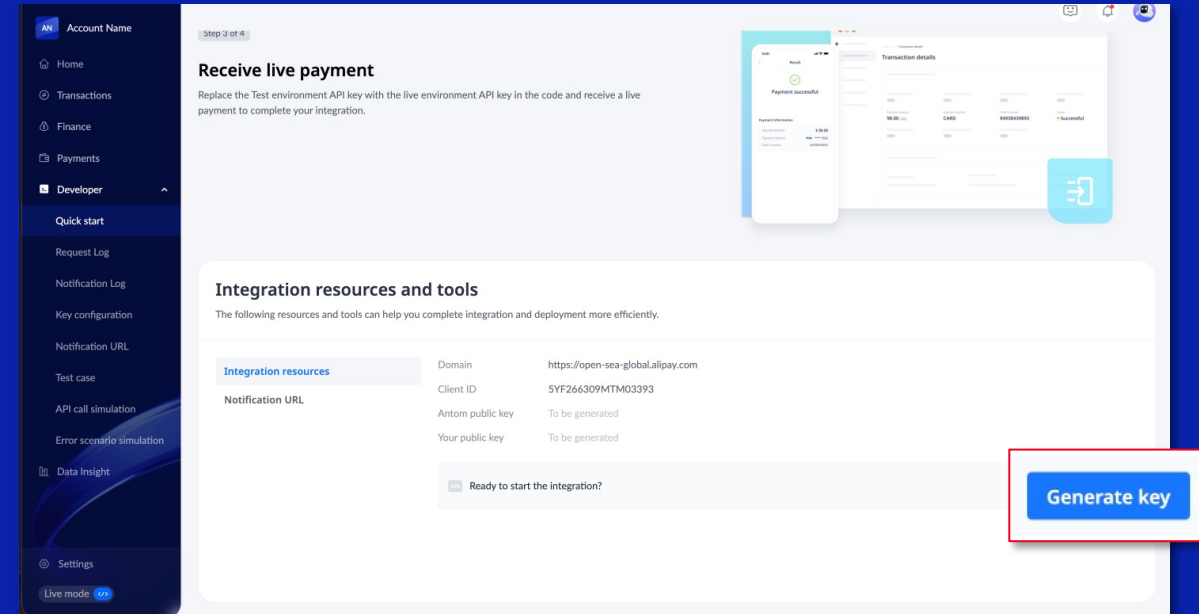

Configure Antom Plugin (Live Mode)

Configure Antom Plugin (Live Mode)

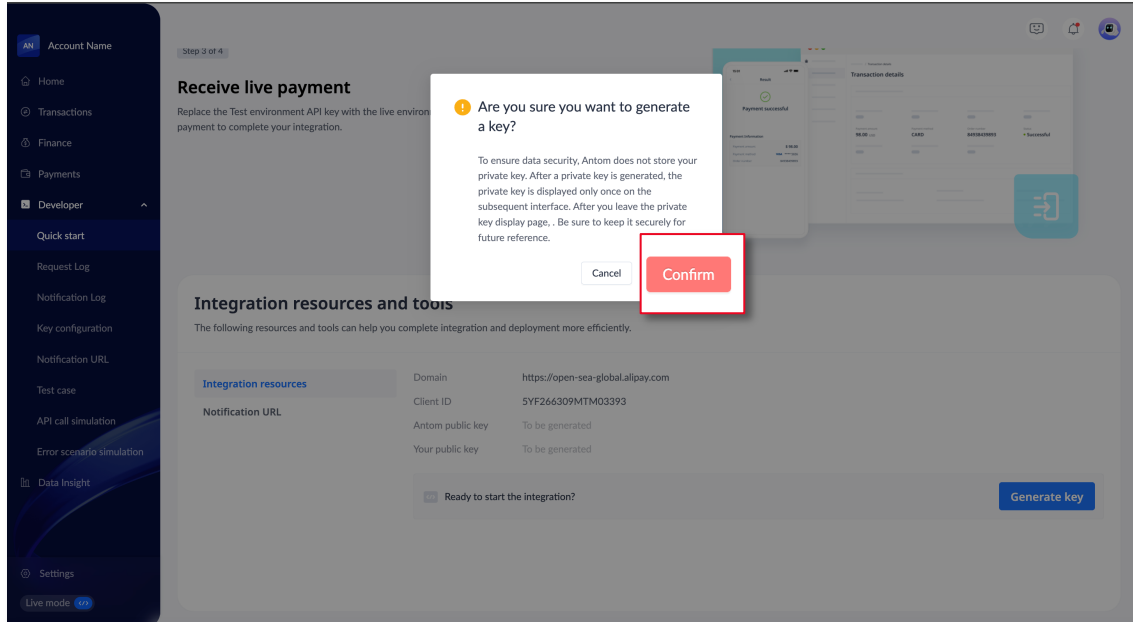

1. Go to Antom Dashboard homepage, select **"Go To Developer"**

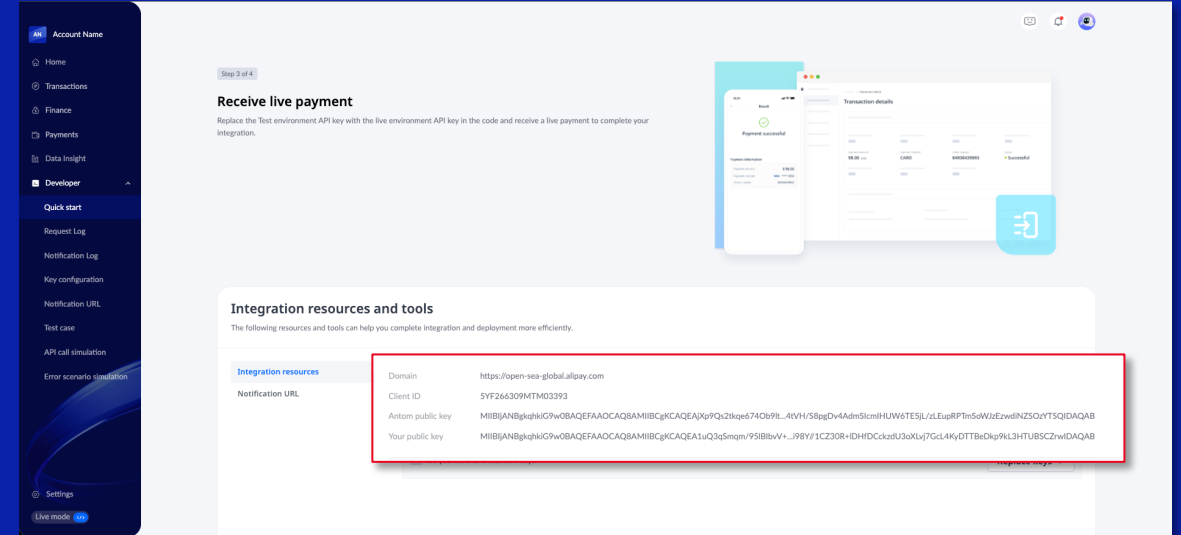

2. Select **"Generate Key"**

Configure Antom Plugin (Live Mode)

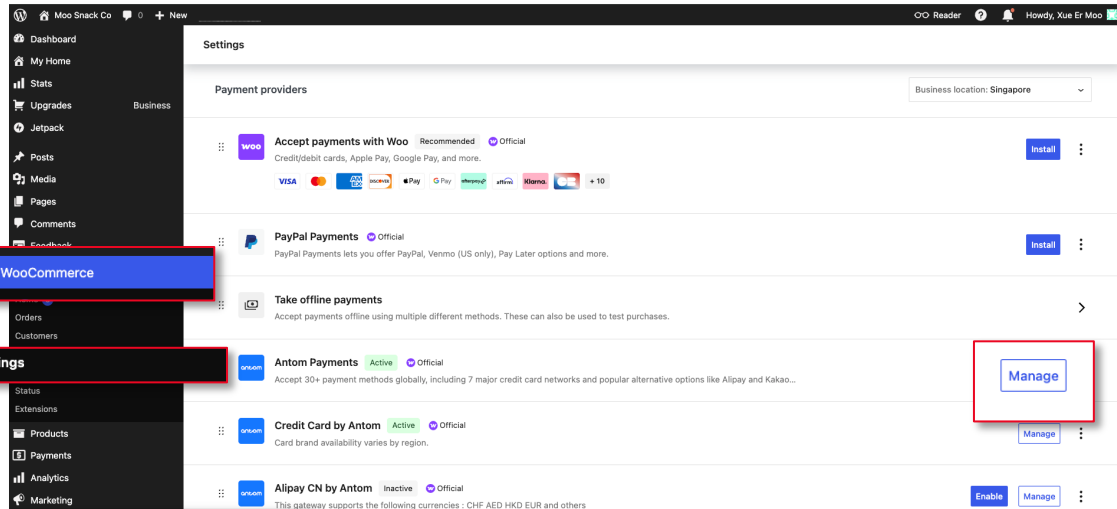

3. Select **"Confirm"** on the pop up to generate key

3. Your **Key** has been generated successfully

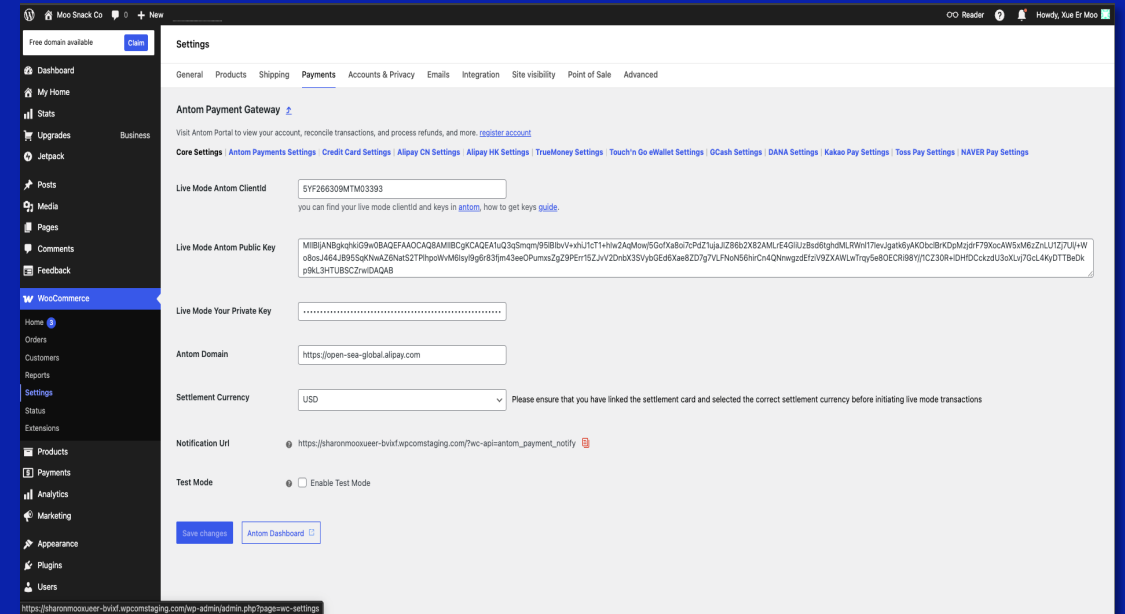

Configure Antom Plugin (Live Mode)

4. Go to **WordPress Portal**

5. Under **WooCommerce**, Select **"Settings"**

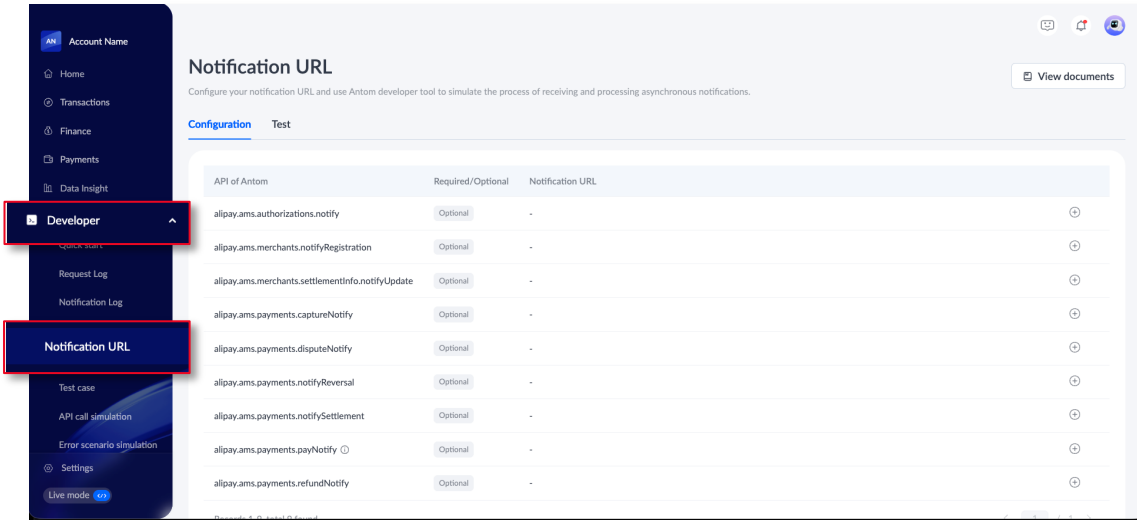

6. Select **"Antom Payments"** and Click **"Manage"**

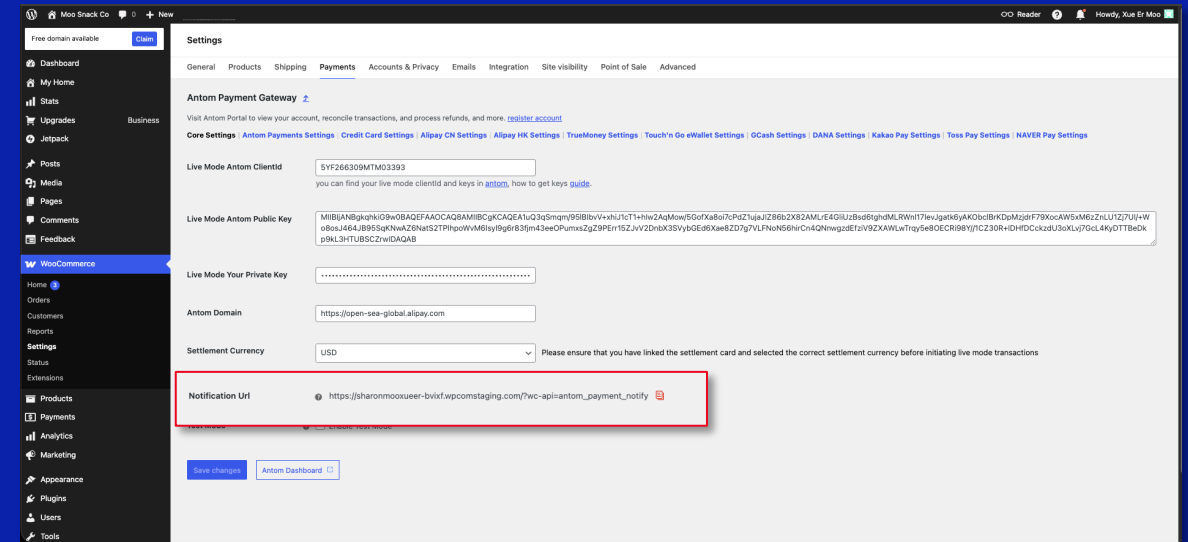

7. Key in the details that was generated from Antom Dashboard and click **"Save Changes"**:

- Antom ClientID
- Select the correct Settlement Currency
- Antom Public Key
- Untick "Test Mode"
- Antom Domain

Configure Antom Plugin (Live Mode)

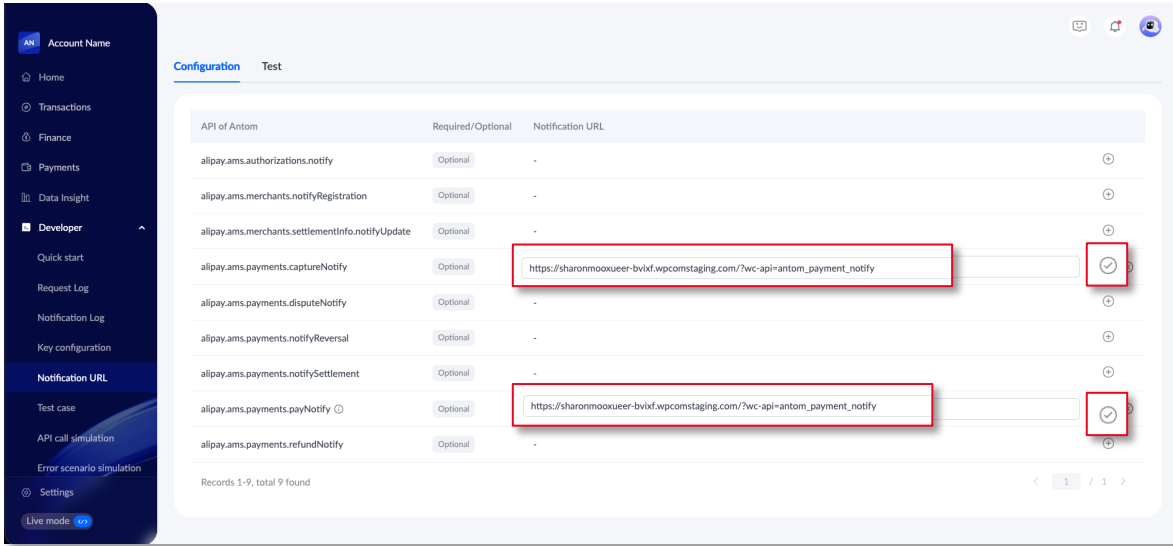

8. Go back to Antom Dashboard, select **"Developer"** and select **"Notification URL"**

9. Copy **Notification URL** from WordPress Portal

Configure Antom Plugin (Live Mode)

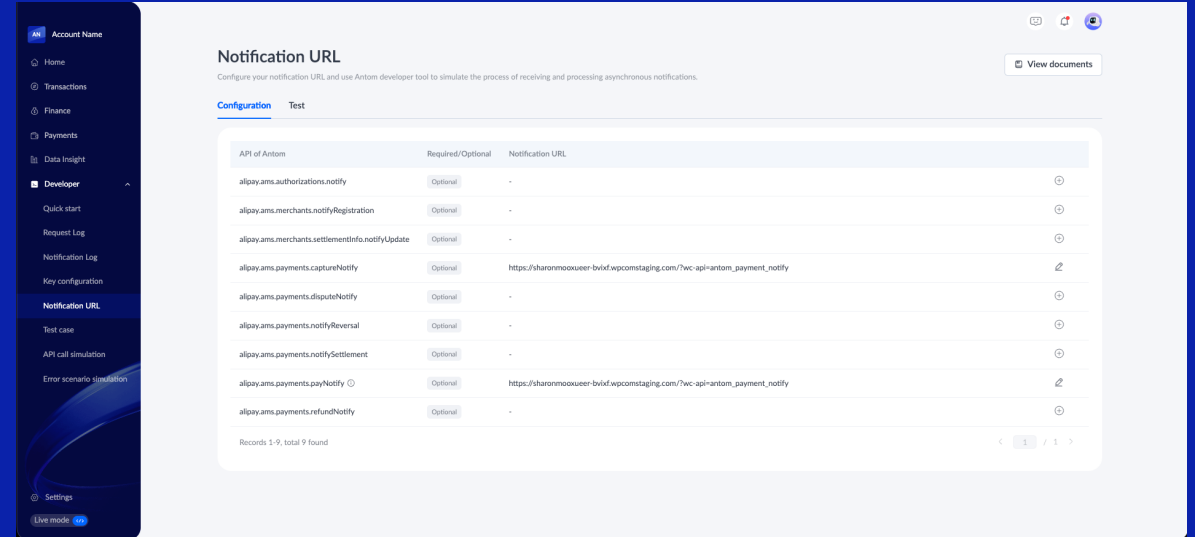

The screenshot shows the Antom Dashboard Configuration page. The left sidebar contains a menu with options: Home, Transactions, Finance, Payments, Data Insight, Developer, Quick start, Request Log, Notification Log, Key configuration, Notification URL, Test case, API call simulation, Error scenario simulation, Settings, and Live mode. The main content area is titled "Configuration" and "Test". It displays a table with columns: API of Antom, Required/Optional, and Notification URL. The table lists various APIs, including alipay.ams.authorizations.notify, alipay.ams.merchants.notifyRegistration, alipay.ams.merchants.settlementInfo.notifyUpdate, alipay.ams.payments.captureNotify, alipay.ams.payments.disputeNotify, alipay.ams.payments.notifyReversal, alipay.ams.payments.notifySettlement, alipay.ams.payments.payNotify, and alipay.ams.payments.refundNotify. The Notification URL for alipay.ams.payments.captureNotify and alipay.ams.payments.payNotify is highlighted with a red box and a checkmark icon.
